CinéOle

The CinéOle system

Two 2-way co-axial satellites and their bases with magnetic interface for easy swiveling, use as bookshelf or wall mounting.
One Santorin 21C with a 21 cm woofer, a pre-amplification module and 3 power amplifiers.
One universal remote control.
One full set of cables with foolproof connectors including an IR external module.

Characteristics

Frequency bandwidth:	35 – 22 000 Hz
Efficiency of the satellites:	91 dB/1W/1m
Nominal power handling:	135 W (2 x 25 W + 85 W)
Peak power handling:	270 W (2 x 50 W + 170 W)
Dimensions and weight:	Satellite: ø 13 cm – 1.3 kg
	Santorin 21C : 33 x 33 x 36 cm – 11.5 kg
Finish:	Glossy black – Glossy white
